Answer the questions according to the text below.

My name is Brain. Jack is my best friend at school. He is an honest person. He never tells lies and he always backs me up both in and out of school. He is also very generous and tactful. He never forgets my birthday and buys me gifts. We get on well with each other and never argue. We spend so much time together. We are in school's football team, so we practice with the team after school. We sometimes watch movies at my house and do homework together. There is only one negative thing about him. He can sometimes be very stubborn but I'm lucky to have a friend like Jack.

	who is Brian's closest mend?
2.	Why is Jack generous?
3.	What do they do after school?
4.	Where do they watch movies?
5.	Can Jack change his mind easily?
6.	How much time do they spend together?
